

Do Anh Nghia

+84 7988 760 74 | Ho Chi Minh City, Vietnam | anhnghia9a633@gmail.com | haign12.github.io/DoAnhNghia_BAPortfolio

PROFILE

UI/UX Designer focused on complex web and product experiences. I turn dense content, ambiguous requirements and multi-step workflows into clear information architecture, responsive interfaces and working front-end prototypes.

DESIGN PROCESS

Business problem → **User problem** → **Evidence** → **UX hypothesis** → **User flow** → **Interaction** → **UI** → **Prototype** → **Validation** → **Iteration** → **Product outcome**

EXPERIENCE

UI/UX Designer

Aug 2025 — Present

MangoAds — SEO Optimization & Web Design Agency

Vietnam

- Translate business goals and content requirements into IA, user flows, responsive page systems, interaction states and implementation-ready UI. **Outcome:** clearer structure, reusable patterns and developer-facing handoff details across client web work.

UI/UX Designer

Feb 2025 — Jul 2025

Tikera Technology & Brand Development

Ho Chi Minh City

- Turned product requirements into flows, wireframes and high-fidelity interfaces, clarifying edge cases and interaction behavior before development. **Outcome:** more consistent interface decisions and handoff inputs.

Intern UI/UX Designer

Jun 2025 — Dec 2025

Trésor Solution Company

Remote

- Supported responsive flows, screen states and reusable UI patterns for product iterations. **Outcome:** clearer interaction models for team review and implementation.

SELECTED CASE STUDIES

Commercial real-estate / leasing decision support, Capital Place (haign12.github.io/DoAnhNghia_BAPortfolio/case-study-capital-place.html) 2026

- For prospective occupiers, reframed brochure-style property content around place → requirement → floor context → enquiry, including Space Finder and truthful non-live availability states. **Outcome:** interactive prototype demonstrating a clearer high-consideration decision model.

Education / IA / parent journey, VAS Education (haign12.github.io/DoAnhNghia_BAPortfolio/case-study-vas-education.html) 2026

- For prospective families, reorganized a broad content ecosystem around trust → fit → daily reality → action. **Outcome:** responsive prototype connecting brand proof, learning pathways, campus context and admissions in one continuous journey.

SaaS workspace / project health / next action, StudioOS (haign12.github.io/DoAnhNghia_BAPortfolio/case-study-studioos.html) 2026

- For small creative teams, reduced dashboard overload with project health → focus → context → quiet feedback. **Outcome:** implemented first vertical slice covering overview, search, task completion, project creation, reviews and notifications.

EDUCATION & SKILLS

Education: University of Science — HCMUS, Information Technology (2021–2026) · Claude Bernard University Lyon 1, Information Technology (2021–2025).

UX / Product: problem framing, information architecture, research synthesis, user flows, interaction design, responsive strategy, validation planning. **UI / Prototype:** Figma, design systems, high-fidelity prototyping, HTML, CSS, JavaScript, GitHub.
